

Panametrics clamp-on flowmeters can save you time and money.

 Panametrics

 **31 HOURS***
OF DOWNTIME

 **\$4,000***
LABOR COST

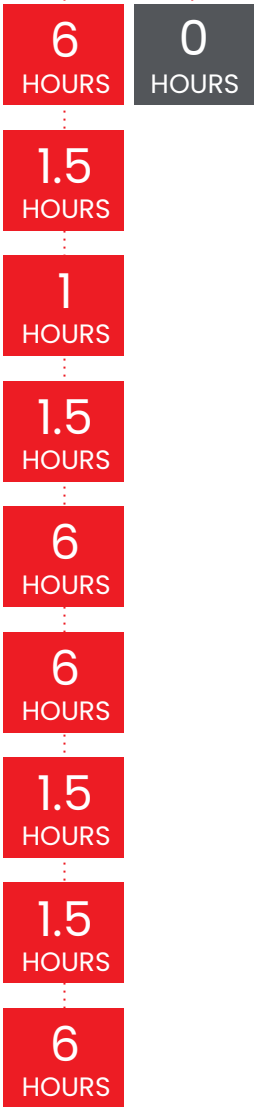

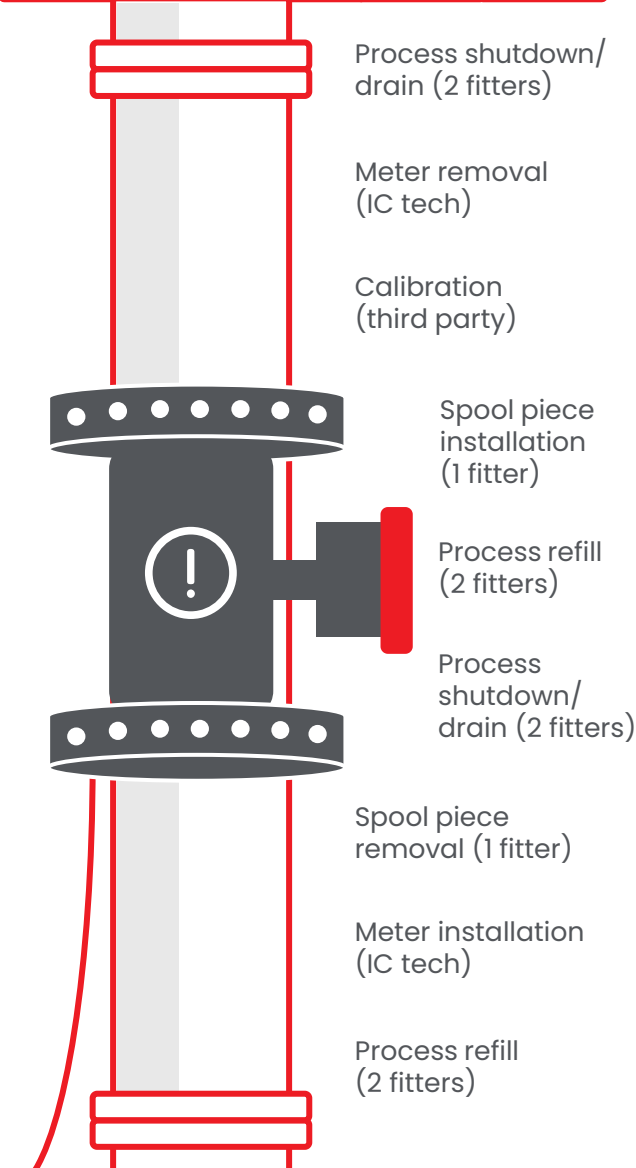

A state-of-the-art Panametrics clamp-on meter (versus an electromagnetic meter) can save significant calibration time and labor cost.

*Based on an independent study of electromagnetic meter calibration costs (assumes a man-hour rate of \$97/hour including overtime).
