

EVEREST CA-ZOOM HD

Waygate Technologies Pan Tilt Zoom Cameras

Meet the Everest Ca-Zoom HD. With its new all-in-one transport box, it's the alternative to lugging around two heavy pieces of equipment — giving you power and convenience at the same time. Eliminate additional onsite equipment logistics with the all-in-one transport box. You can even carry over the poles and tripod from your legacy system!

Everest Ca-Zoom HD Highlights

Lightweight and streamlined system along with transport case enables you to do visual inspections anywhere at anytime.

- No extra boxes needed, every component fits in a box that only weighs 21 kg (46.3 lbs).
- Add a backpack accessory to help when you need to go long distances, up flights of stairs, and up ladders to get to the inspection site.

Easily set up your system with intuitive controls and lighter components.

- Simply connect everything, plug it in, and turn it on to start inspecting.
- Once set up, tag, comment, and measure images and videos using the interface on the pendant.

2,980 lumens (4x the power of the legacy Ca-Zoom) means that you will be able to illuminate what you are inspecting even when you are far away.

- Top and bottom LED pairs are independently controllable to aid with surface reflection.
- Fine tune your lights with 10% illumination adjustment increments from 0 to 100%.
